Proceedings of the Institution of Civil Engineers

Part 1 Design and Construction

Volume 78, 1985
February, April, June, August, October and December

Thomas Telford Ltd, London

The rights of publication and translation are reserved

CONTENTS

February

Presidential Address 1984. J. A. Derrington 2

Lecture

The Thames Barrier. R. W. Horner. Dugald Clerk Lecture 15

Papers

Economic district heating from existing turbines. B. Wood. Paper 8805 27
Selby diversion of the East Coast Main Line: construction. R. W. Collingwood and T. H. Fenwick. Paper 8821 49
Offshore breakwaters—Leasowe Bay. P. C. Barber and C. D. Davies. Paper 8825 . . 85
Settlement of two housing estates at St. Annes due to a consolidation of a near-surface peat stratum. P. L. Berry, D. Illsley and I. R. McKay. Paper 8823 111
Sea outfalls—a review of failure, damage and impairment mechanisms. R. A. Grace. Paper 8766 137
Are enhanced undergraduate courses necessary in civil engineering? T. Cairney, R. M. Romaya and T. N. Sleeman. Paper 8808 153
Fatigue vulnerability of jack-up platforms. E. C. Hambly. Paper 8813 161
The structural design of heavy industrial pavements. J. Knapton. Paper 8841 . . . 179
Construction of Riding Mill Weir. D. J. Banks, I. Brooks and W. M. Johnson. Paper 8838 195

Corrigendum 218

April

Papers

The Empingham Reservoir Project (Rutland Water). A. J. H. Winder, R. G. Cole and G. E. Bowyer. Paper 8827 219
Empingham Dam—design, construction and performance. R. C. Bridle, P. R. Vaughan and H. N. Jones. Paper 8828 247
Empingham Reservoir—seepage control measures. J. M. McKenna, P. Horswill and E. J. Smith. Paper 8829 291
An anchored fill harbour wall using synthetic fabrics. G. T. Kempton, R. W. Entwistle and M. J. Barclay. Paper 8820 327
Design and construction of Jalo—Kufra Road—Libya. C. B. Paget and S. B. Eriksen . 349

Discussions

Selected design and construction aspects of the Selby Coalfield project. W. Forrest, K. N. Drobig and A. S. F. Larmour. Paper 8667 379
National Westminster Tower. R. N. Sainsbury and S. J. I. Shipp; T. T. Barton, A. J. Bedford and W. W. Frischmann; D. C. Lippard and E. M. Steger. Papers 8592, 8593 and 8673 389
Development of high flyash content concrete. M. R. H. Dunstan. Paper 8640 . . . 413
Selby diversion of the East Coast Main Line. P. B. Davis, T. H. Fenwick and R. D. Bastin. Paper 8696 435
Orwell Bridge—design and construction. C. D. Lewis, A. I. Robertson and M. S. Fletcher; J. Van Loenen and S. Telford. Papers 8729 and 8730 449

Informal Discussion
Land drainage and nature conservation. L. Crowther and D. Wojcik (P. Wyllie) . . 461

Corrigenda 468

June

Lecture
The influence of research and development on design and construction. R. S. Taylor. James Forrest Lecture 469

Papers
Risk and its management in construction projects. J. G. Perry and R. W. Hayes. Paper 8809 499
A study of Australian roads, including the effects of alternative funding levels. R. T. Underwood. Paper 8840 523
The design and construction of the River Rother cable-stayed footbridge, Rother Valley Park. M. C. Wilson and R. D. Bell. Paper 8842 545

Congress Discussion: the Engineer in Society
Combined heat and power. J. D. Lycett (G. Bevan) 565
Application of pollution control in the overseas environment—an engineering challenge. D. O. Lloyd (B. Taylor) 567
Liability, insurance and the engineer. D. R. Marwood (I. M. Varley) 569
The engineer in public service. I. M. Campbell (D. J. Coles) 571
Airport landscape. P. Youngman (A. Shaw) 574
Ports and offshore facilities. N. N. B. Ordman (G. P. Martin) 575
Continuing education and training. R. S. Taylor (D. H. Wade) 577
Telemetry control as an aid to meeting service standards. R. Huntington (R. J. C. Wren) 579
Finance of overseas contracts. P. Curry and J. C. Bunner (P. J. Hesketh-Roberts) . . 580
Infrastructure planning. P. A. Cox (D. J. Button) 582
Rational use of energy. J. H. Chesters (D. A. Shaw) 584
Building conservation. J. N. Martin (A. R. Irvine-Fortescue) 586
Does professional competition benefit society? K. H. Best (G. P. Meanley) 588
Reclamation and development of old industrial sites. S. Thorburn (B. E. Waters) . . 591
Ocean technology—current and future expectations. A. M. Adye (J. M. P. Hooley) . 593
Human behaviour in construction project management. B. Goldthorp (T. R. Graves Smith) 595

Discussions
Geotechnical aspects of Kielder Dam. J. P. Millmore and R. McNicol. Paper 8703 . . 597
Analysis and design of a large raft foundation in Baghdad. J. A. Hooper. Paper 8678 . 617
An appraisal of the role for steel forgings and castings in major structural applications. E. F. Walker and R. C. Richardson. Paper 8735 625
Arab Potash solar evaporation system. T. J. Woods Ballard, G. C. Brice, J. L. Ashford, B. A. Boocock and J. C. Woodward. Papers 8736–8 637
Improvement of the runway at Manchester Airport. A. E. Naylor. Paper 8727 . . . 657
The implementation of computer aided estimating systems in construction companies. A. N. Baldwin and R. McCaffer. Paper 8680 665
Military engineering in the Falkland Islands 1982–83. G. B. Sinclair, F. G. Barton and L. J. Kennedy 669

Informal discussions

Energy conservation effected by traffic control. D. I. Robertson and K. W. Huddart (M. S. Bourner) 673
Pre-construction procedures for motorway and trunk road schemes (the Vaizey Report). Lord Vaizey, T. E. Williams, F. J. Parker, H. L. Yeadon and P. Robshaw (R. H. N. Sinclair) 677
Cold regions engineering. T. J. O. Sanderson (D. Coleman) 682
Motivation. H. K. H. Claxton (S. Crook) 685

August

Papers

Colliford Dam sand waste embankment and asphaltic concrete membrane. T. A. Johnston and J. D. Evans. Paper 8830 689
Greater Cairo wastewater project: history, development and management philosophy. D. G. M. Roberts and E. W. Flaxman. Paper 8921 711
Greater Cairo wastewater project: organisation, financial arrangements and contact strategy. A. D. Kell, C. M. Bosker and I. W. M. Moir. Paper 8922 729
Greater Cairo Wastewater project: studies and master plan. R. S. Darling and J. Drake. Paper 8923 745
Greater Cairo wastewater project: rehabilitation works. T. D. Hall and M. W. Gray. Paper 8924 765
Greater Cairo wastewater project: design of east bank stage 1 works pumping stations, culverts and treatment plant. T. A. Swayne and J. F. Grimes. Paper 8925 . . 785
Greater Cairo wastewater project: design of east bank stage 1 works tunnels. I. H. Elliott and R. L. Spolton. Paper 8926 807
Greater Cairo wastewater project: design of west bank stage 1 works sewers, culverts and pumping stations. W. D. Skinner and K. P. Pronske. Paper 8927 831
M25 north-east sector, Holmesdale and Bell Common tunnels: route selection and planning. D. I. Evans and H. T. Lawrence. Paper 8896 841
M25 north-east sector: design of Holmesdale and Bell Common tunnels. M. G. Allinson, E. V. Jenkins and H. W. Hubbard. Paper 8897 859
M25 north-east sector, Holmesdale and Bell Common tunnels: construction. M. S. Hooper and J. S. Rushton. Paper 8898 879
Analytical flexible pavement design: a critical state of the art review 1984. C. K. Kennedy. Paper 8878 897

Discussions

Dinorwig pumped storage scheme. J. A. Baines, V. G. Newman, I. W. Hannah, T. H. Douglas, W. J. Carlyle, I. L. Jones, D. M. Eaton and G. Zeronian. Paper 8739 . . 919
Weymouth and Portland marine treatment scheme. J. R. Kemble and J. A. Young; J. F. H. Pittman, C. Martin and M. W. King; D. G. M. Roberts, G. R. Flint and K. H. Moore. Papers 8747–9 959
Erosion of plunge pools downstream of dams due to the action of free-trajectory jets. P. J. Mason. Paper 8734 991
Prestressed precast piling at Drax Power Station and the use of pulverised fuel ash replacement in concrete. G. R. Woolley and J. C. Gains. Paper 8752 1001
Continuously reinforced concrete pavements. J. M. Gregory. Paper 8773 1009
LOK-test and CAPO-test development and their applications. C. G. Petersen. Technical Note 382 1017

Informal discussions

Planning of the Southern Conveyor Project, Cyprus. H. B. Jackson (R. D. Bell) . . . 1021
Cryogenics in Civil Enginering. J. S. Harris, R. H. Jones, F. H. Turner and C. L. Jones (B. A. Hands) 1023

The Engineering Council—the first thousand days. J. C. Levy (J. H. Armstrong) . . 1027
Labour-based construction in developing countries—the criteria for success? P. M. Hillebrandt, P. A. Green, G. Edmonds and G. A. Edmonds (R. H. Neale) 1031
Maintenance of airfield pavements and electrical services. A. G. Carroll, A. Siddall and K. Barry (J. D. Cook) 1033
The ICE Conditions of Contract for ground investigation. L. G. Deuce (J. Bickerdike) 1037

October

Papers

Planning, design and construction of the Great Grimsby sewage outfall. C. Mason, K. J. Flemons and A. G. Taylor. Paper 8883 1045
The planning, design and construction of a bypass through an area of outstanding natural beauty. R. Hodgen and C. R. Ford. Paper 8908 1065
Heysham 2 and Torness nuclear power stations—novel aspects of the civil engineering design. M. G. Paterson, P. E. Porritt, J. C. Bailey and T. A. F. Willis. Paper 8943 1085
Some aspects of the construction of Heysham 2 nuclear power station. R. H. England and R. Broadhead. Paper 8851 1109
Torness Nuclear power station: civil engineering construction. P. J. Kershaw, D. C. Weatherseed and J. Pollin. Paper 8944 1139
Design and construction supervision of sea wall and breakwater at Torness power station. A. I. Will. T. A. F. Willis and D. D. S. Smith. Paper 8977 1165

Lecture

Redesigning the engineer. S. D. Clements. ALGS Chairman's address 1191

Technical note

Application of analytical terrestrial photogrammetry in construction management and site survey—part 2. R. P. Lam and L. C. H. Lam. TN 445 1203

Discussions

Lessons to be learnt from an embankment failure. D. M. Finlayson, J. R. Greenwood, C. G. Cooper and N. E. Simons. Paper 8705 1211
Peterhead, Scotland's 100-year harbour of refuge. A. R. Buchan. Paper 8733 1137
The use of simulation models in construction. R. Pilcher and I. Flood. Paper 8779 . . 1241
Why not here?—an engineer looks at inland waterway transport. M. Baldwin. Vernon Harcourt Lecture 1249
Reinforcement corrosion and the durability of concrete bridges. P. Vassie. Paper 8798 1253

Corrigenda 1259

December

Papers

Extension of the Piccadilly Line to Terminal 4, Heathrow. G. D. Sabine and E. Skelton. Paper 8945 1261
Jindo and Dolsan bridges: design. R. G. R. Tappin and P. J. Clark. Paper 8994 . . . 1281
Jindo and Dolsan bridges: construction. A. Rees and S. J. Kim. Paper 8995 1301
Settlement of foundations on sand and gravel. J. B. Burland and M. C. Burbidge. Paper 8917 1325
Uncertainty in demand forecasting and its consequences in water resource planning: the Teesside experience. J. A. Brady. Paper 8919 1383

Hydroelectric resource studies in Togo and Benin. H. R. Tomson. Paper 8935 . . . 1403
The timber octagon of Ely Cathedral. C. Wade and J. Heyman. Paper 8895 1421

Technical notes
Computer analysis of reinforced concrete sections in biaxial bending. R. D. Sturrock. TN 435 1437
General lessons of recent major failures. S. H. Wearne. TN 446. 1451

Discussions
The new Redheugh Bridge. J. E. D. Lord, J. M. Gill and J. B. Murray. Paper 8750 . . 1453
The new port of Sapele, Nigeria. P. W. Ediale, J. G. Logie and J. W. Alexander. Paper 8791 1463
Masinga Dam in Kenya. D. D. A. Piésold, J. Tattersfield and C. W. Hodgson. Paper 8755 1471
Lebanon 1982—clearance and reinstatement of the devastated refugee camps. P. Hoole, J. W. Stephenson and A. V. Bingham-Hall. Paper 8776 1477
Pre-contract activities in the implementation of the Victoria Project on the Mahaweli Ganga. K. B. Norris and P. L. Booen. Paper 8807 1483
Hydraulics research: communications and consequences. P. Ackers. Unwin Memorial Lecture 1487

Informal discussions
Screenings and grit in sewage: removal, treatment and disposal. J. M. Sidwick (C. J. Zawistowicz) 1491
State of the art—computer assisted highway design. R. E. S. Coulson, P. A. Brock and J. R. Rowley (B. J. Blunt) 1494
Civil engineers in management. S. H. Wearne (S. D. Parsons) 1497
Ground anchorages—case histories. G. S. Littlejohn, D. A. Greenwood, T. H. Hanna and J. M. Mitchell (A. R. Dawson) 1500
Some recent works on inland waterways. G. Haider (D. J. Wilkinson) 1504
Construction in Third World countries—developing appropriate managerial skills. A. D. Austen (D. Miles) 1508
Shanty towns—problems of urban planning in developing countries. G. Payne, A. Shaheed and D. McNeill (J. T. Winpenny) 1511
